

Beach Ball Toss

Divide a beach ball into different sections. In each section write a question such as “What is something you can thank God for?” or “What is one way I can honor my father and mother this week?” or “Name a Bible verse from the New Testament,” etc. Wherever the students’ right thumbs land, that’s their question. You can also use it for review questions or to learn the Ten Commandments, just number ten sections on the ball. Whatever number the student gets, they try to name the commandment of that number (i.e., Number 8 = Do not steal).
