

## Can You Feel It?

Set up a fan that will blow on the kids. Choose a volunteer and ask him to tell you what he sees. Can he see the air? Can he see the wind? No. In the same way, you can't see God, but you know He's there. And even though the wind is invisible, you can see what the wind does, and you can see what God does too. And just as you can feel the wind, you can feel the presence of God also. Once while talking to an atheist, a lady was asked to prove the existence of God. Her reply was, "I know God is real because of what He has done in my life. I know that He is real because He lives in my heart." You can't see God but you can know, for a fact, that He is real.
