

Create-A-Kid

Illustration: Using a microphone stand or yardstick, a wig and a paper plate for a face, create a kid. Let your students name him and tell you what he likes and doesn't like, what good things he does and what bad things he does.

Spiritual Application: Then discuss with them how to choose friends wisely. Is this a person you would want to be a close friend? Why or why not? Also, see 1 Corinthians 15:33.
