

Did you Know Thoughts About Creation

Let's think about the wonder of God's creation.

Did you Know...

The giant squid's eye can be as big as 15 inches long. That's 3 inches longer than a ruler! ¹

That a cockroach can live up to 10 days without a head! Ewww! ²

That there's a beetle in Africa who drinks fog. ³

That a mosquito is more likely to bite you after you've recently eaten a banana, are wearing blue, or have fair skin. So next summer, if you have fair skin, are wearing a lot of blue and eating a banana, you'd better watch out! ⁴

That if you rub garlic on your foot, in a few minutes your breath will smell like garlic? ⁵

SAY—God made so many special things, but of all creation great and small, God loves you the most of all.

*"In the beginning God created the heavens and the earth."
Genesis 1:1*
