

Fireman Free-For-All

Set up a candle and choose volunteers one at a time who will try to put it out using a water gun.

Spiritual Application—God wants you to have joy. What are some things that can extinguish your joy? Differentiate between joy and happiness—Most things can't take your joy away unless you take your eyes off Jesus. Do the game again—this time blindfolded. Not being able to see makes it harder. When you take your eyes off Jesus it makes harder to keep your joy. This is a great illustration to share alongside the story of Peter walking on the water and then taking his eyes off of Jesus (Matthew 14:22-33).
