

MARSHMALLOW MADNESS

Mine Field

Pour out hundreds of large marshmallows in an area. Have each student find a partner. One of them will be blindfolded and the other one, without physically touching them, will verbally guide them through the mine field of marshmallows. One touch to a marshmallow and the team is out.

Spiritual Application: Proverbs 4:20-27. This passage begins with a “Listen closely” statement and ends by instructing the individual not to stray to the right or to the left. Proverbs 22:17-19 is another of the many “listen” or “listen closely” statements in the book of Proverbs and could tie easily into a lesson on learning or trust.
