

**SOMETIMES**

## Pumpkin Grab

Buy several pumpkins. Cut the top open large enough for a student to reach inside but don't remove anything from the pumpkin. In the bottom of the pumpkin, put a large marshmallow. Then pour in a container of syrup. Call up one volunteer for each pumpkin. When you say go, the first person to reach in and find the marshmallow, wins.

*Spiritual Application:* None of your volunteers had to reach into the pumpkin. No one made them reach in and get all sticky and nasty. They made that choice. The best way in life to avoid sticky situations is to say "yes" to Jesus. Continue by discussing some "sticky situations" with your students and how to say "yes" to Jesus in each case.
