

Surprising Protection

Take a napkin, wad it up and stick it inside a cup. Turn the cup upside down and lower it into a large bowl of water. Pull it out and show your students that the napkin didn't get wet.

Spiritual Application: In the same way, God protects us. He will not let anything come our way that is beyond the strength He will give us to handle. For temptation, see 1 Corinthians 10:13. You could also talk about Jesus being the Good Shepherd and how He is the door or the gate to the sheepfold (John 10:7). Nothing could come in, unless it first came through the shepherd.
