### The Thankful Game

Have a race between the boys and the girls or this side and that side. Have a sponsor stand up at a marker board or chalkboard on each side. Tell the students that, when you say go, they will have two minutes to list as many things for which they are thankful as they can. The leader will write their answers on the board.

*Spiritual Application:* Can you name anything on either of these boards that didn't come from God? Help your students to understand that everything good comes from God and anything bad, He can make good (Romans 8:28). Show and discuss James 1:17 and then pray and thank God for all He has given and done for us.
