

## A Way to Escape

Call up volunteers to make a ring, holding hands. Choose another volunteer to stand in the middle. Explain that the volunteer in the middle has to get out of the circle without touching anyone. If he touches someone, he loses.

*Spiritual Application:* This is impossible. There's no way out. But with temptation, God always makes a way for us to escape, so if we do something bad, it's because we chose to, not because there was no other way. (See 1 Corinthians 10:13).
