

MARSHMALLOW MADNESS

Battleship

Hang a large sheet or other divider in the room so that it is split into two parts. The divider needs to be low enough so that there is still plenty of room between it and the ceiling. This is also a great outside game, especially for use on a volleyball court. Divide your student into two groups and have each group sit on one side of the divider. One at a time each student will be given a large marshmallow and will, from a sitting position, toss it over the divider. If it hits a student on the other team, that student is out. Also, when a student sees a marshmallow coming towards them, they cannot move to dodge it. Continue playing until all the players are eliminated from one side.

Spiritual Application: We are in a battle everyday. See Ephesians 6:10-17. You could also talk about battling against peer pressure, against temptation, against gossip, and almost any other sin.
