

# MARSHMALLOW MADNESS

## Best Tooth Award

Part 1: By taking a bite out of a large marshmallow, you can make it look like a tooth. Let your students each have a turn at making a tooth. Then call in a judge to determine the “best tooth.” You could even give a “Best Tooth Award.” Then you can either go straight to the spiritual application or make another point (Part 2) by mixing all the marshmallows together and having students try to identify their own.

*Spiritual Application:* Part 1—1 Peter 5:8-9—The devil is looking for someone to “devour.” Talk about not letting Satan “get his teeth” into you. Part 2—Are you sure that you’ve chosen the right marshmallow? Are you so sure that you would be willing to eat it? There’s a lot of things in life that you might not be so sure about, but with God you can have total confidence. His Word is true and His promises last forever. (Also, see Peter 5:7-9.)
