

MARSHMALLOW MADNESS

Bucketeers

Divide your team into two groups and send one group to each side of the room. Use tape or chair as a divider in the middle of the room. Each team has to stay on its own side throughout the game. The object of the game is to see how many marshmallows each team can get into the other team's bucket (or even two or three buckets) located on the opposite side of the room.

Spiritual Application: Let's count the marshmallows...Now let's count something else. Let's count our blessings. What are ways that God has blessed you? What are you thankful for?
