

MARSHMALLOW MADNESS

Burn, Baby, Burn

Put a large marshmallow on a fork and hold it over a regular household candle. It will ignite and begin to quickly burn black. (NOTE: This is an illustration to be shown to your students, not in which to have them participate.)

Spiritual Application: The fire immediately changed the marshmallow. That's what caught Moses' eye about the burning bush—it burned but it wasn't consumed. In other words, it burned but it never burned up because it wasn't burning on its own resources. Its burning depended on God. Many people get "burned-out" in life but when you live a life that completely depends on God, He gives you the strength you need to keep going, even when the going gets tough.
