

RIDDLES

Can and Can't Reach

An Outside Challenge

Tell your group that while you are outside you want them to find something they can reach and something they can't reach. Tell them that when you come in, you'll be asking them what they found. Here's the riddle of the challenge—What does being able to reach and not being able to reach have to do with your walk with God?

Spiritual Application: You can always *reach* God. See Jeremiah 33:3. When you call, He will always answer. You can also try to *reach* your friends for Jesus by sharing His love with them, but some of your friends may not want to be reached. Pray for them, continue to share with them and keep on showing them Jesus because no one can *reach* heaven on their own. We all need a Savior, Jesus Christ.
