Cup Stack

Choose two volunteers to participate in this competition. Give each 20 Styrofoam cups. When you say go, the fastest to stack all twenty on top of each others into some sort of shape or tower on a table, wins.

Spiritual Application: Sometimes people get in a hurry and they forget to put God first. They get too busy to read their Bibles or to pray and just like in the game, when you get in too much of a hurry, you can make a mess of things. When you don't let God be first in your heart, you can make a mess in your life too.
