

MARSHMALLOW MADNESS

Forehead Stack

Form your group into several small teams. Have one team member lie down. The others will attempt to build the tallest tower possible on his or her forehead.

Spiritual Application: If you are going to build a house, you must first lay the right foundation. Then you build upon it, one step at a time. Did you know that 2 Peter 1:4-8 gives a list Christian qualities that build upon one another? Of course, you must first have the right foundation, Jesus Christ.
