

SOMETIMES

Silly Crowns

Choose a couple of volunteers. Give each of them a trash bag to cover their clothes and a shower cap and goggles. Choose a partner for each of the volunteers and have them stand on a chair next to their partner. Give each of them a can of squeeze cheese (or silly string). When you say go, they are to create the tallest crown of cheese on their partner's head (and shower cap).

Spiritual Application: Just because someone has a crown, doesn't make him a king. Just because someone goes to church, doesn't make him a Christian. Going to church doesn't make anyone a Christian any more than going to McDonalds makes someone a chicken nugget. There is only one way to Heaven and that's Jesus. See John 14:6. [See *The Airplane Skit* from Skits for Kids for a good drama that works well with this activity.]
