

The Unfaithful

Play a game that involves everyone. For example, divide your group into two teams, take two balloons and when you say go, the first person on each team will pass it down the row and back until it reaches the last person. The fastest team wins.

Spiritual Application: What if one of them had decided to quit? You see, when someone is unfaithful, it affects others too. Choose a volunteer—if this person is unfaithful and tells a lie (i.e., says that Sally was smoking), who else does it affect? Choose another volunteer—if this person is unfaithful by not using good words (i.e., says he hates his sister), who else does it affect? Choose another volunteer—if this person is unfaithful and disobeys her mom (i.e., don't get a cookie before dinner), who else does it affect? Ask about other ways someone can be unfaithful to God? To others?
